Change Default Text Size in Internet Explorer

Step 1: Open the 'Accessibility' window

1. Click on '**Tools**' in the menu bar.
2. Select '**Internet Options**' from the drop-down menu.
3. In the **'Internet Options'** window (shown right), click on the '**Accessibility**' button.

Can't see your menu bar? Hit the 'Alt' Key on your keyboard to show the menu at the top of the browser window.

Step 2: Ignore font sizes specified on webpages

1. In the '**Accessibility**' window (shown right), tick the box next to '**Ignore font sizes specified on webpages.**'
2. Click '**OK**' to return to the 'Internet Options' window.
3. Click '**OK**' to finish and return to Internet Explorer.

Step 3: Change Text Size

1. On the '**Page**' icon in the menu bar select '**Text Size**' from the drop-down menu (see right).
2. Choose your preferred text size by clicking on it.

Note: If you can't locate the page icon, you can select the 'View' tab from the menu bar. You can then select Text Size from the drop-down menu and choose your preferred text size.
